UWC Dilijan IB Diploma 39/45

Dilijan, Armenia | Class of 2022

RESEARCH AND WRITING EXPERIENCE

Population Studies and Training Center, Research Assistant

Providence, RI | September 2024 - May 2026

- Process and analyze 1,000+ survey observations in Stata for the MesoAmerican Migration project; perform advanced data manipulation (merging, time-varying variables) to construct person- and household-level files.

Annenberg Fellowship in Social Science and Public Policy, Fellow

Providence, RI | June 2024 - July 2024

- Completed intensive training in Stata, SQL, and QGIS for data wrangling and statistical analysis; applied Stata to clean and organize Mexican Migration Project data for longitudinal analysis.

Brown Political Review, Staff Writer

Providence | August 2025 - May 2026

- Author two political analysis articles per semester on Latin America and popular culture, examining state violence, social movements, and political economy.

LEADERSHIP EXPERIENCE

International Mentoring Program, Senior Coordinator

Providence, RI | December 2023 - December 2025

- Led Brown's International Pre-Orientation and year-round programming for 300+ students; managed logistics, scheduling, and program development; recruited and trained 25 mentors in leadership and cross-cultural communication; directed communications and social media to support student integration.

Sexual Health Peer Educator (SHAG), Facilitator

Providence, RI | November 2022 - Present

- Facilitate workshops on STIs, safe sex, consent, and communication; coordinate Sex Week, an annual sexual health event series engaging 100+ students.

San José de Chiquito Project, Co-leader and Facilitator

Cartagena, Colombia | January 2024

- Secured a \$1,000 grant to lead a cemetery revitalization project in the war-torn community of San José de Chiquito, building trust with local leaders; facilitated meetings with the mayor to address urgent water access, and served as liaison between residents and government.

PROJECTS

Corporation by The Numbers: Data collection, cleaning and visualization (Datawrapper, HTML, CSS)

- Co-created and analyzed a dataset on the Brown University Corporation for The Brown Daily Herald Data Desk; compiled demographic, educational, and career data, and built interactive visualizations.

Comparative Media Analysis: Ukraine and Gaza (Python, scikit-learn)

- Analyzed reporting differences across traditional and alternative outlets using the NYT API and web scraping from Democracy Now; conducted sentiment analysis, regression analysis, and topic clustering.

SKILLS & INTERESTS

Technical: Stata, Python (Pandas, scikit-learn), R, SQL, SPSS; Excel/Google Sheets; Cognos, Looker, Datawrapper.

Languages: Spanish (native), English (bilingual), French (working), German (basic).
